*"Not a Blueprint It's the Shoe Prints that Matters, A Journey Through Toxic Relationships"*

**Audio format coming soon!**

Narrated By: Sara Morsey / This production is a product of Writelife Publishing

And will be available at your online retailers . . . .

***Not a Blueprint*** explores the relationships that toxicity brings and its crippling effects. *It's a memoir . . . about finding the beauty in relationships and how unhealthy ones can destroy our lives (emotionally, mentally, physically, and spiritually). At best, it speaks to the beauty of self-love and touches on deception at its depth. "The Insights" will bring an awakening to those lessons learned along the journey.*

There's no need to flip the pages of a storybook, just pop in the audio tape. Sit back and listen to the remarkable voice of Sara Morsey, as you travel the journey. There is a road of challenges to face for a single parent while coping to build a stable environment. Embarking on an incredible path, Sara takes you through those shoe prints from the life of a family who's entangled in one toxic relationship after another.

This reading of this story is not intended to be a blueprint for cancer. It's the shoe prints that count. Those shoe prints are a symbol of life's journey representing each and every step taken. Travel with Sara in the steps of those shoe prints from beginning to end . . . passing from birth, joy, pain, forgiveness and an array of emotions.

As you travel with Sara, embrace every moment. And enjoy your walk through this journey.

***Since going through the journey, Nina says, "We all go through stuff in life (the good, the bad, and the ugly). But, when you think there's no way out, don't give up! There's light at the end of the tunnel."***

*Where have your shoe prints lead, lately?*
